ORGANIZATIONAL EXPERIENCE

Member of President University Major Association (PUMA) Information System - Research & Development (R&D) Division

2024 - Present

- **PIC Event Organizer** – Hackathon with UNITAR (University of International Business and Technology) Malaysia: Led coordination for international IT business plan competition with 25 participants.
- **PIC Sponsorship** – Temu Alumni: Secured sponsorship worth Rp2.000.000 by approaching external partners and stakeholders.
- **Project Manager** – iSearch & Storis: Led content planning for student-focused facts, competitions, and online course opportunities.

PROJECTS

Aqanomic Web Project (Collaboration with Fisheries Students, Universitas Brawijaya)

June 2025 – July 2025

Role: Project Manager

- Led the development of an e-commerce website built using WordPress, aimed at empowering coastal communities, especially fishermen, to improve their local economy.
- Coordinated between Information Systems and Fisheries students to design a platform that provides access to digital literacy, product marketing, and economic data visualization for fish processors and fishermen.
- Managed project planning, technical execution, stakeholder communication, and user education (through workshop sessions).

PreUtix Ticketing Website Project

April 2025 – May 2025

Role: Project Manager & Web Developer

- Designed and developed a ticket booking website using PHP, HTML, and CSS, focused on dynamic pricing based on age categories (child, teen, adult).
- Managed the overall project workflow, team responsibilities, and feature implementation, while also directly building the front-end layout and logic functions.
- Ensured the platform was user-friendly and responsive, and conducted testing to validate its core features before deployment.

SKILLS

- **Technical Skills:**
Basic Python, Java, HTML & CSS, Arduino, Node.js, UI/UX design with Figma, SDLC & Agile (Scrum).
- **Office Tools:**
Proficient in Microsoft Word, Excel (COUNTIF, LEFT, VLOOKUP/XLOOKUP), and PowerPoint.
- **Communication:**
Fluent in Indonesian, intermediate in English; effective in teamwork and presentations.
- **Problem Solving:**
Logical, structured approach in handling technical and project-related issues.

CERTIFICATIONS

- Certificate of Completion in Programming Learning (Pesona Edu Solution)
- Cambridge English Programme with Native Speaker (Score: 90)
- Certificate of Appreciation – PIC Event Organizer, Golden Code: Hackathon 2025
Issued by PUMA IS – May 2025
- Certificate of Appreciation – Sponsorship, Temu Alumni 2025
Issued by PUMA IS – March 2025

ADDITIONAL SKILLS

- **Time Management:** Skilled in balancing multiple tasks, deadlines, and priorities in fast-paced environments.
- **Team Collaboration:** Experience working in diverse teams, facilitating communication, and contributing to collective goals.
